CIRCULAR No: 1797

Sub: Pre-monsoon Entomological Vector Surveillance 2025 at Visakhapatnam  
Seaport-Reg.

Ref: Letter from Port Health Officer, Visakhapatnam dated 25.03.2025.

Port Health officer informed that a team from the NCDC Mangalagiri will be visiting Visakhapatnam Seaport in the month of April 2025 for a pre monsoon entomological survey inside the Seaport and its surrounding 400 meter perimeter.

During the survey the members of the team would like to meet all the stakeholders involved in vector control activities in the said areas, for an exchange of information about the quality and quantity of vector control measures employed, both larvicides and adulticides, and also about identification of the different mosquito species. Hence, they informed that concerned representation of all such pest control agencies, both government and private, should be available during the survey to answer any possible queries.

A Joint Public Health & Sanitation Committee (JPH & SC) meeting will be held during the survey. Hence, it is informed that concerned representatives of all such pest control agencies, both government and private, should make it convenient to attend the meeting. The date and time of the meeting will be conveyed as soon as it is confirmed.
